

The story of Ann and Lydia does not end with the work that they do. It continues with their encouragement and support of others who volunteer for the community. If someone is receiving an award, they are there. If something is being dedicated, they are there. If someone puts on a parade, they are there. If there is a civic ceremony, yes, they are there. With encouragement comes hope and with hope comes the wherewithal a city needs to tackle its future. Ann and Lydia Endrejatits provide Collinsville with concrete acts of kindness and to them we give our heartfelt thanks. Diakonia.

I offer my personal congratulations to my friends Ann and Lydia as well as my thanks to the Collinsville Chamber of Commerce for being as moved by Diane's nomination as I was.

COMMENDATION OF TECH. SGT.
THOMAS NEVIN

HON. TIM RYAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 7, 2004

Mr. RYAN of Ohio. Mr. Speaker, it gives me great pleasure to rise today in commendation of Tech. Sgt. Thomas Nevin, recipient of this year's USO Warrior of the Year award for the Cleveland area.

Sgt. Nevin is a member of the 910th Civil Engineer Squadron out of Youngstown Air Reserve Station in my district, and I am proud of his service to America in the war on terrorism. Sergeant Nevin was selected for volunteering to serve in Operation Enduring Freedom and Operation Iraqi Freedom for over a year and a half. While deployed, he received high praise from his superiors as he demonstrated his technical skills in replacing generators, re-directing a power outage, and installing diesel generators. In Iraq, he led a task force that doubled the available power to an airport in an area that was considered potentially dangerous. As our service men and women work hard daily to rebuild and improve Iraq's power grid, I am confident Sergeant Nevin was vital to that effort while deployed.

Mr. Speaker, at a time that calls for men and women to stand up and volunteer, I am privileged to have a constituent that appeals to our best qualities as citizens. It is good to know the people of Ohio's 17th congressional district are represented in uniform by a man with character, courage, and commitment to national service.

PERSONAL EXPLANATION

HON. JIM RYUN

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 7, 2004

Mr. RYUN of Kansas. Mr. Speaker, unfortunately, I missed five votes in the House of Representatives on June 25, 2004. Had I been in attendance I would have made the following votes:

Vote on the Sanders amendment to H.R. 4614, Energy and Water Development Appropriations Act of FY 2005. Had I been in attendance, I would have voted "no."

Vote on the Wilson (NM) amendment to H.R. 4614, Energy and Water Development Appropriations Act of FY 2005. Had I been in attendance, I would have voted "no."

Vote on the Meehan amendment to H.R. 4614, Energy and Water Development Appropriations Act of FY 2005. Had I been in attendance, I would have voted "no."

Vote on the Hefley amendment to H.R. 4614, Energy and Water Development Appropriations Act of FY 2005. Had I been in attendance, I would have voted "yea."

Vote on passage of H.R. 4614, Energy and Water Development Appropriations Act of FY 2005. Had I been in attendance, I would have voted "yea."

RECOGNIZING THE 50TH ANNIVERSARY OF THE THORNE ECOLOGICAL INSTITUTE

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 7, 2004

Mr. UDALL of Colorado. Mr. Speaker, I rise today to honor the 50th anniversary of the Thorne Ecological Institute (TEI), its record of providing ecological education and environmental awareness to countless numbers of young people, and its development of forward-looking environmental policies.

I believe that many of the problems which face our Nation can be solved through better understanding and awareness of our natural surroundings. For 50 years, the Thorne Ecological Institute has been dedicated to fulfilling this goal by giving hands-on experience to children and adults in Colorado.

In 1954, Dr. Oakleigh Thorne, II, established the Thorne Ecological Institute in hopes of bringing environmental education to the community of Boulder, Colorado. He taught a variety of courses at the University of Colorado at Boulder, working to increase his students' understanding of the environment and its complex interrelationships. His goal was to "connect people to nature," and the last 50 years have seen this goal met with great success. To this day, the Thorne Ecological Institute maintains its commitment to environmental education, now with a focus on children and young people in the Colorado's Front Range. Innovative programs like Project BEAR—Building Environmental Awareness and Respect—reach inner-city children and establish a connection with the wonders of nature, an invaluable accomplishment and contribution to our society.

In addition to their outstanding efforts with children, the Institute was a catalyst in establishing environmental organizations in Colorado, including the first chapters of the Nature Conservancy, the Sierra Club, and the Denver Audubon Society. These organizations have been essential to the protection and promotion of Colorado's environment, and their impact is a direct result of Dr. Thorne's pioneering work.

I would also like to recognize the Thorne Ecological Institute for its innovation within environmental policy. The City of Boulder has been honored nationally for its policy of buying open-space to ensure a high quality of life for its residents. We must remember, though, that the Institute played a critical role in developing this landmark policy. Moreover, long before

the Environmental Protection Agency required environmental impact studies, the TEI was conducting them in Colorado to increase understanding of the consequences of commercial development and to lay the foundation for their mitigation.

Mr. Speaker, environmental understanding and protection of environmental quality are things close to my heart—and the Thorne Ecological Institute has been at the forefront of the environmental movement in the Rockies for 50 years. Under the leadership of Dr. Oakleigh Thorne, II, the TEI has fulfilled the dream of connecting people to nature. I congratulate the Thorne Ecological Institute for its accomplishments and ask my colleagues to join me in appreciation.

A PROCLAMATION HONORING MARION STEWART ON HER 99TH BIRTHDAY

HON. ROBERT W. NEY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 7, 2004

Mr. NEY. Mr. Speaker:

Whereas, Marion Stewart was born on July 19, 1905; and

Whereas, Marion Stewart is celebrating her 99th birthday today; and

Whereas, Marion Stewart, is a long-time active participant in the social and civic life of the community; and

Whereas, Marion Stewart has exemplified a love for her family and friends and must be commended for her life-long dedication to helping others.

Therefore, I join with the residents of the entire 18th Congressional District of Ohio in wishing Marion Stewart a very happy 99th birthday.

PENN STATE UNIVERSITY'S 150TH ANNIVERSARY

HON. MICHAEL F. DOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 7, 2004

Mr. DOYLE. Mr. Speaker, I rise today to join in this special order commemorating the 150th anniversary of the founding of Penn State University. As a proud alumnus of Penn State University, I can attest to the quality of education offered by this outstanding institution of higher learning.

Beginning like so many other state universities as a school to provide an education in farming and agricultural science to the citizens of Pennsylvania—which, by the way, is still one of its important missions—the Agricultural College of Pennsylvania in Centre County, Pennsylvania, grew rapidly and has educated thousands of Americans over the last 150 years.

Today, The Pennsylvania State University boasts 20 branch campuses across the commonwealth and offers a full range of undergraduate majors and graduate degrees, as well as a college of medicine and a highly respected law school. In fact, many of Penn State's grad schools are considered among the nation's top ten in their fields. It has an enrollment of over 80,000 students each year,
